

JOURNAL OF ENVIRONMENT AND BIO-SCIENCES

(Former: Himalayan Journal of Environment and Zoology)

Vol. 26

June- 2012

No. 1

CONTENTS

- D.N. Saksena and D.K. Uchchariya-** Primary productivity Of phytoplankton and Its seasonal variation In Tighra Reservoir, Gwalior, Madhya Pradesh ... 1-8
- Namita Joshi, Suchi Pandey and Priya Chaudhary-** Nutrient mineralization pattern across soil depth following different vermicompost treatment9-12
- Pinky Kaur, T. A. Qureshi, Rekha Shrivastav, Susan Manohar and Kamlesh Borana-** Isolation of *Lytocestus indicus* Moghe, 1925 (woodland, 1926) from freshwater catfish, *Clarias batrachus* (Linn.) ...13-14
- Neerja Aggarwal, S V Goswami, Neeta Sehgal-** A stereotaxic atlas and technique for nuclei Of the diencephalon Of catfish, *Heteropneustes fossilis* (Bloch) ...15-26
- H.P. Nandurkar and S.P. Zambare-** Study Of effect Of trimethoprim on lipid contents In various tissues of freshwater mussels, *Lamellidens corrianus* (Lea) & *Parreysia cylindrica* (Annandale & Prashad) ...27-30
- Shivaji Poul, Shivaji P. Chavan, Govind Jarikote-** Distribution of sanguivorous leech *Asiaticobdella birmanica* (Annelida) from a polluted stream and isolated ponds of district Parbhani in Maharashtra India ...31-36
- Sandeep Kumar and G.C. Pandey-** Impact of some meteorological parameters on air pollutants and air quality index around Ayodhya and Faizabad ...37-42
- B.P.S. Kanwal and S.S. Pathani-** Studies on some physico-chemical parameters and plankton diversity of Patsal and Sironia garh of Suyal river of Kumaun Himalaya (UK) ...43-52
- L.S. Rajpurohit and Sanju Borana-** Kinetics of uptake of nutrients by macrophytes ...53-56
- Payal Mahobiya, Kaushik Shilpi, Deepti Tomar and Mangla Bhide-** Effect of colchicine on different developmental stages of *Lymnaea stagnalis* ...57-64
- Khitam Jassim Salih, Majeed Hussein Majeed Al-Sarry-** A comparative data base about jaws, teeth and ear bones of some Shatt Al-Arab river fishes ...65-68
- Poonam Gupta-** Alterations in protein content in the blood of few freshwater fishes induced by Azo-Dyes. ...69-70
- Archana Srivastava and Naina Srivastava-** Effect of Carbon (carbohydrate) and Nitrogen (protein) sources in vitro growth of *Alternaria solani* 71-74
- Poonam Gupta-** Alterations in blood glycogen level in two freshwater teleosts induced by Azo-Dyes75-78
- Deepti Tomar, Kaushik Shilpi, Payal Mahobiya and Mangla Bhide-** Study on mortality and reproductive performance of *Bagrada cruciferarum* (Kirk) by some plant glycosides ...79-90
- Hind Mahadi Jarallah-** Changes in some selected haemato-cyto-morphological parameters of carp fish *Cyprinus carpio* infected with the copepod parasite *Lernaea* sp.91-94
- P. C. Joshi, L. Khamashon and B. R. Kaushal-** Predation of *Adalia tetraspilota* (Hope) (coleoptera: coccinellidae) on green peach aphid (*Myzus persicae*. Sulzer). ...95-98
- H.C.S. Bisht, Renu Bisht, S.S. Kunjwal, and N.N.Pandey-** Observation on the use of artificial substrates for periphyton based culture of *Schizothorax richardsonii* (Gray) in raceways of mountaneous region of Kumaon, Uttarakhand.99-104
- Khitam Jassim Salih and Majeed Hussein Al-Sarry-** Recognition of mutation in cytochrom P450 1b1gene in marine and river *Acanthopagrus latus*105-108
- P. C. Joshi, M. K. Arya and A. Agarwal-** Floristic diversity, compositional and distribution pattern of a forest ecosystem in Shivalik foot hills, Hardwar, Uttarakhand. ...109-118
- Vijay Kumar Upadhyay and G. C. Pandey-** Impact of heavy metal copper on seed germination and plant growth in wheat, maize and sweet pea of Faizabad.119-122

- Vivek Srivastava**- Fungitoxic effects of plant extracts against alternaria blight in *Brassica campestris* var. B.s.h-1.123-126
- P.C. Joshi and Sanjay Kumar**- Effect of some abiotic factors on seasonal abundance of *Idioscopus clypealis* (Leth.) (Homoptera) in mango orchards of Haridwar (India) ...127-130
- Parul Gupta, Anupma Sharma and Namita Joshi**- Status of mangroves and coastal ecosystems in Gujarat.131-134
- Niharika S. Bisht and B. R. Kaushal**- Pest assessment: old world bollworm, *Helicoverpa armigera* (Hubner), (Lepidoptera: Noctuidae) under laboratory conditions.135-138
- Sushil Bhadula and B.D. Joshi**- Studies on phytoplanktonic diversity of river Ganga, within Haridwar city, Uttarakhand. ...139-142
- V.K Tyagi and Neha Nagpal**- Histopathological study of liver of *Heteropneustes fossilis* (Bloch) exposed to pulp and paper mill effluent – I
....143-146
- S.C. Dhiman, Deepak Kumar and Vijai Malik**- Impact of global warming in relation to gall formation by *Pauropsylla tuberculata* (Homoptera: Psyllidae) on the leaves of *Alstonia scholaris* Linn. (Apocynaceae) ...147-150
- Ankit Kumar, Rani Dhanze and Indu Sharma**- Planktonic diversity in *Euglena* infested ponds in hills of Himachal Pradesh, India.151-156
- V.K Tyagi and Neha Nagpal**- Histopathological study of liver of *Heteropneustes fossilis* (Bloch) exposed to pulp and paper mill effluent – II
...157-160
- Savita, Shashi Kiran and Mamta Joshi**- Efficacy of Fenbendazole against *Ascaridia galli* ..161-162
- B.S.Chandel, Rachna Vajpai and Shail Vajpai**- Field evaluation of *Acorus calamus* and *Azadirachta indica* extracts and ingredients against mustard aphid, *Lipaphis erysimi* Kaltentbach (Homoptera : Aphididae) on mustard in U.P. ...163-168
- Vineeta Singh and R.C. Gupta**-Toxic effect of daturine (*Datura alba*) extract on total free amino acid in different tissues of the freshwater apple snail *Pila globosa*169-170
- Archana Singh, Vijay Tewari and Jitendra Mohan**- Biodiversity of cyanobacteria and its distribution pattern in river Ganga at Parmat ghat, Kanpur. ...171-176
- Reena Verma**- Algae as biomonitors in river ecology177-180
- Dilip Kumar Keshri**- Studies on avifauna in and around Gautam Buddha Wildlife Sanctuary, Gaya (Bihar)181-183
