71-76  Amit Sakharam Patil and A.B. Kubde  
Study of drying characteristics of button mushroom  (Agricus bisporus) 

77-85  Vishal Kumar and Manish Kumar  
Influences of pre-treatments on quality attributes of yam chips 

86-89  Kiran Ayar, Sanjay Singh and J.C.Chavda  
Effect of size grading and packaging along with transportation during storage on quality of Jamun (Syzygium cuminii Skeels) fruits 

90-92  Amit Sakharam Patil  
Development technology of banana wine 

93-97  S. K. Sawant and N. J. Thakor  
Design of indirect heating copra dryer 

98-101  P. Preethi and G. Balakrishnamurthy  
Assessment of banana cultivars for pigment extraction from bracts, its suitability and stability as food colourant 

102-105  Ravishankar M. Patil, K.S.Thippanna, S. J. Prashanth and V. Chikkasubban  
Physico-chemical character, sensory quality and storage behaviour of rose apple squash blended with Jamun 

Optimize the process for spray drying of aloe vera (Aloe barbadensis) gel 

101-116  K. J. Kamble, V. M. Ingale and D. P. Kaledhonkar  
Critical study of curcumin extraction 

117-120  R. B. Devani, K. M. Karetha and Virendra Singh  
Effect of pre-cooling and storage methods on extending the shelf life and quality of mango cv. kesar fruits 

Development of green gram fortified biscuit 

123-128  Isha Swami and A.G. Naik  
Evaluation of banana (Musa paradisia L.) varieties for flour making 

Study on development of custard apple carbonated beverage 

125-128  A. B. Awasarmal, S. B. Soni and S. P. Divekar  
Effect of different packaging materials on shelf life of sapota fruit
