Research Paper

Family violence linked to children's height and weight—ASHA CHAWLA

Analysis of extent of adoption of Bt cotton recommended production practices followed by the farmers—V.B. MANJUNATH, S.N. HANCHINAL, G.N. MARADDI, J.S. BINKADAKATTI AND B.G. SHAMBULINGAPPA

Information technology (IT) application in benchmark assessment and project monitoring—S.S. DOLLI, J.S. BINKADAKATTI AND B.N. BIRADAR

Plant leaf as pollution monitoring device—D. SARALA THAMBAVANI AND V. PRATHIPA

An inventory model for time dependent deteriorating items with holding cost as a quadratic function of time—ANIL KUMAR SHARMA AND DIPTI VASDEV

Effect of plant growth regulators on rooting in cuttings of fig (Ficus carica L.) cv. DINKAR—L.S. KHAPARE, M.H. DAHALE AND R.B. BHUSARI

Success of shield budding in Nagpur mandarin in shade net and open field condition—R.B. BHUSARI, N.D. JOGDANDE, S.G. BHARAD AND P.K. NAGARE

Gandhian solution to environmental problems—MARINA ISLAM

Types of environmental pollution and their effects—C. GANGAIAH

Study of relationship between role perception and role performance of KVKs experts—M.S. KADAM, R.D. PANDYA, B.T. KOLGANE AND D.T. KHOGARE

Synthesis and characterization of Ni(II) complexes with ester semicarbazone—RENU, DINESH KUMAR AND MRADULA MITTAL

Studies on the effect of packaging on quality and shelf life of the kokum (Garcinia indica Choisy) fruits during transportation and storage—G.P. RAORANE, A.G. DESAI, N.A. NALAGE AND S.S. BHOSALE

(i)
Effect of iron deficiency anemia on cognitive development—SHASHI YADA V AND SANGEETA

Services provided to business class guests in the hotels of Nagpur city—SHIVANI HUDDAR, JYOTSNA PATIL AND SUNITA BORKAR

Flood control for sustainable development in upper Krishna river basin—B.K. SATHE, C.A. BIRAJ DAR AND H.T. DHUMAL

An analytical study on impact of National Horticulture Mission (NHM) among the beneficiaries in Chhatarpur district (M.P.)—D.P. RAI, SANTOSH KUMAR SINGH AND SACHINDRA KUMAR PANDEY

Decision making pattern of farm women in relation to selected different agriculture activities—R.H. GONDALIYA AND J.K. PATEL

Economic reforms and its impact on Indian economy—PINKI GOEL AND K.G. ARORA

Study on antibacterial activity of root extract from mangrove plants—K. ARUNA AND ANURADHA PENDSE

Food web cycle-green plants and nutrients concatenated to terrestrial organism-oxygen consumption-decomposer organism-dead organic matter-accentuation-A trophication model—K.N. PRASANNA KUMAR, B.S. KIRANAGI AND C.S. BAGEWADI

Computers in children's education- Effects and needs—S.P. BIBISHABANA, MOHAMMED YUSUF, DAMANNAVAR GAVISIDDAPPA AND B.K. NAIK

Synthesis and characterization of Co(II) complexes with ester thiosemicarbazone—DINESH KUMAR, RENU AND MRADULA MITTAL

Relative participation of farm women in decision making process in relation to different agriculture paractices—R.H. GONDALIYA, J.K. PATEL AND D.J. PARMAR

A Case Study

Environmental auditing as a tool for evaluating solid waste management of a private group of institutions—EKTA MADAN AND MONICA KHANNA

Rise of China as a manufacturing hub—ABHISHEK JHA AND RAJIV MISHRA

(ii)
