General Articles:
Characterization of immunogenic outer membrane proteins from Pasteurella multocida by immunoaffinity chromatography
Pathogenic assessment of chicken embryo fibroblast cell culture adapted infectious bronchitis virus vaccine
Chloramphenicol induced mutation frequency of Vibrio parahaemolyticus strains isolated from freshwater fishes
Proliferation index in hemangioma and hemangiosarcomas of dogs
Detection of subclinical canine ehrlichiosis by nested PCR
Stongyloid helminthes in Indian wild asses
Storage stability of certain serum enzymes of rats
Effect of paracetamol on the pharmacokinetics of Danofloxacin in buffalo calves
Hematopoietic biochemical changes following external skeletal fixation for tibial fracture in dogs
Anaesthetic evaluation of plain and hyperbaric Bupivacaine as epidural anaesthesia in dogs
Two stage surgical management of Gastric dilatation and volvulus in dog
Effect of thawing regime on post thaw quality of ram semen frozen in tris, citrate and phosphate based diluents.
Progestosterone profile during various physiological stages in mares
Genetic analysis of performance traits of Malpura sheep
Body weight and its association with body measurements in Kannadu goats
Optimum age and body weight at first calving in two and three breed intersex crosses
Effect of replacement of mustard cake with berseem on feed intake and nutrient utilization in buffalo heifers
Effect of decreasing amino acids in a low crude protein diet in Japanese quails
Effect of housing system on growth performance of Tellicherry goats
Histoenzymic distribution of oxidoreductases in thymus of prenatal buffalo calves
Clinical Articles:
Use of ursodeoxycholic acid to treat cholangiohepatitis in a dog
Lymphosarcoma in a German shepherd dog
Mammary papillary adenocarcinoma in a bitch
Upward fixation of patella in equine
Intestinal intussusception in a Labrador pup
Short Communications:
Antioxidant profile in the normal and canine cutaneous tumours
Incidence of the tumours of the skin in dogs
Preparation of different products from camel milk
Comparative evaluation of juvenile performance in three strains of poultry
Incidence of diseases involving the central nervous system in animals
Incidence of diseases involving the central nervous system in animals
Plasma malondialdehyde level and erythrocyte catalase activity in lambs and ewes infected with sheep pox
Follicular development and induction of estrus in anestrous goats by indigenous medicinal plants
Treatment of bovine acute mastitis with Cefquinone and its effect on milk quality
Prevalence of lice in pigeons
Weight gain in turkey selected for high immune response to sheep erythrocyte
