Influence of wrapping material on physico-chemical characters during storage of custard apple - Kadam D.D. and S.R. Karad

Growth, flowering, fruiting yield of guava (Psidium guajava L.) cv. SARDAR as influenced by various plant growth regulators - M.C. Jain and L.K. Dashora

Crop productivity and soil fertility restoration in rice-based cropping system as influenced by fertility levels - C. Ramachandra, O.P. Raiput, M. Syed Anwarulla, G.Janardhan, B.M.Dushyant Kumar and Parashivamurthy

Technique of evaluation of economics of rainfed blackgram and greengram production - B.R. Pawar and D.B. Pawar

Profitability of farm productions: A study in a semi-arid watershed - Biswajit Mondal and R.N. Adhikari

Studies on seed borne nature of Colletotrichum capsici causing seedling blight and its control through chemicals - R.K. Mesta, V.R. Kulkarni and M.S.L. Rao

Evaluation of rice genotypes and effect of reclamation practices on growth and yield of lowland rice in coastal saline alluvial soils - D. Vanathi and M. Mohamed Amanullah

Resource productivity, resource use efficiency and optimum resource use in rainfed JKCH-666 cotton production - D.B. Pawar and B.R. Pawar

Identification of susceptible stage of fruit and role of biochemical constituents in fruit rot of chilli - R.K.Mesta, V.R. Kulkarni and M.S.L. Rao

Stability analysis for grain yield and quality parameters in barley (Hordeum vulgare L.) germplasm - D. S. Pilania and R. P. S. Dhaka

Effect of salt stress on biochemical parameters in rice (Oryza sativa L.) genotypes - C. Raja Babu and S. Ramesh

Influence of growing media, irrigation regime, integrated nutrient management and mulching on the performance of sweet pepper (Capsicum annumum L. cv. GROSSUM) hybrid under polyhouse condition - S. Sasikala, S. Natarajan, M. Kavitha and C. Tamilselvi

Effect of integrated pest management technology on production of cotton in Western Maharashtra - K.S. Birari, M.K. Borse, R.R. Chaugule and M.R. Patil

Changes in physiological and biochemical parameters and fruit yield of banana cv. NEY POOVAN as influenced by plant growth regulators - C. Tamilselvi, S. Sasikala and M. Kavitha

Mixed infection of sugarcane streak mosaic and sugarcane yellow leaf virus infecting sugarcane crops in A.P., India - V. Bharathi and L. Kishan Reddy

Prediction of water requirement for pea (Pisum sativum L.) in mid-hill zone of Himachal Pradesh - R. S. Spehia and B. C. Thakur

Component characters influencing seed yield in moongbean (Vigna radiata L. Wilczec) - V. P. Mittal, Paramjit Singh and K. S. Brar

Assessment of TPS populations as transplants in the field - Vidya Verma, Annu Verma and D.A. Sarnaik

Stability analysis for grain yield in finger millet (Eleusine Coracana G.) - Harshal E. Patil

Suitability of cotton and wheat varieties for cotton-wheat system - A.S. Kharub, V.K. Sharma and D.S. Chauhan

Effect of different levels of NPK and foliar application of enriched humic substances on growth and yield of tomato - K. Dhanasekaran and R. Bhuvaneswari

Influence of shade and fertigation on growth, yield and economics of tomato (Lycopersicon esculentum Mill.) - M. Kavitha, S. Natarajan, S. Sasikala and C. Tamilselvi

Evaluation of growth parameters (AGR, RGR and NAR) in relation to seed yield of soybean - M.D. Tandle and S.S. Ubale

Effect of distillery effluent-based pressmud compost alone and in combination with inorganic fertilizer on growth and productivity of Basmati rice (Oryza sativa L.) - K. K. Singh, S.K. Sharma and D.K. Sharma

Effect of tillage and weed management options on productivity and profitability of cotton - wheat system - A. S. Kharub, V. K. Sharma and D. S. Chauhan

Mutagenic efficiency of gamma-rays, ethyl methane sulphonate and its combination on microsperma lentil (Lens culinaris Medik) - S. P. Singh, R.P. Singh, N.K. Singh, J.P. Prasad and J.P. Shahi

Evaluation of effect of growth parameters, Leaf area index (LAI), Leaf area duration (LAD), Crop growth rate (CGR) on Seed yield of soybean during kharif season - M.D. Tandle and S.S. Ubale

Drip irrigation water requirement of capsicum under sub-humid sub-tropical region of Himachal Pradesh - R.S. Spehia, B. C. Thakur and I.P. Sharma

Influence of salt stress on nutrient contents in rice (Oryza sativa L.) - C. Raja Babu and S. Ramesh

Impact of zinc, boron and iron elements on yield and economics of ginger (Zingiber Officinalis Ros.) - S. P. Singh and D. K. Dwivedi

Influence of some castor genotypes on larval, cocoon and grainage traits of eri silkworm, samia cynthia ricini/boisduval - B. Sannappa, Ramakrishna Naika, R.Govindan and G. Subramanya

Variability studies in wheat - Biju Sidharthan and S. K. Malik

Stability analysis for grain yield and yield components in red rice - B.M. Dushyant Kumar, N.E. Thyagaraj, Ramachandra C. and S.L. Krishna murthy

Insect pest status of vegetable crops in western uttar pradesh - Vinay Kumar Jandial and Anil Kumar
