

# Economics of chilli cultivation in Jaipur district of Rajasthan

RUCHIRA SHUKLA

*Accepted : October, 2010*

## ABSTRACT

Economic analysis of data indicated that the total cost of chilli cultivation was Rs. 25155.00 per ha. Fertilizer, plant protection measures and labour cost constituted the major portion of the total cost of cultivation. The total return from chilli cultivation was Rs. 83273.40 per ha, with the BC ratio of 3.31.

**Key words :** Chilli, Cost of cultivation, Jaipur
